Secondary Mathematics
Informational Meeting

Location: Westerville North High School Media Center
Date: Monday, August 18 OR Tuesday, August 19
Time: 7:00pm 8:00pm

Secondary teachers and administrators will share how WCS mathematics classrooms are embracing research-based strategies to help students graduate College and Career Ready.

Our classrooms continue to emphasize mathematical skills, but also promote critical thinking, problem solving, collaboration, and persevering — all skills that are necessary in work and in college environments.

Please join us on Monday, August 18th OR Tuesday, August 19th, to learn more about our changes in the secondary mathematics classroom.

Please contact your building principal with questions.
