Health Career Pathway: Are you up for a challenge?

The health care industry is one of the fastest growing and most important in central Ohio. The variety of good health care jobs for motivated students is almost limitless. If you're passionate about medicine and technology or have a sincere desire to be involved in an industry where the goal is to help improve lives, a career in health care might be your perfect fit.

Now's your chance to find out if health care could be a good option for you. For the first time ever, our school is offering an exciting new program called the Health Career Pathway.

The Health Career Pathway is a partnership with OhioHealth, Mount Carmel, Nationwide Children's Hospital, BioOhio, the Westerville Chamber of Commerce, Columbus State Community College, Diley Ridge Medical Center and PharmaForce.

The Health Career Pathway will provide you with:

- An opportunity to earn various certificates that prove your qualifications to work within the health care industry.
- Work-based experiences.
- Advanced distance learning labs that make it possible to participate wherever you are.
- A head start on an associate or bachelor's degree.

A variety of exciting jobs are available in the health care industry, and the Health Career Pathway can help you build your future path to wherever your interests and talents can take you. There is no cost to enroll in the program.*

Contact your school guidance counselor to learn more about this exciting opportunity.

**nominal fees for software, lab and course work materials may apply*
