

Kicking cancer

The Linda W. Daniel Foundation

The Linda W. Daniel Foundation is a nonprofit organization committed to cancer prevention education and awareness.

The Foundation creates programs designed to challenge the athlete in you to fight cancer today. While a commitment to prevention can't guarantee a life without cancer, every step you take is a step in the right direction.

The Foundation was created to remember Linda Daniel who lost her fight with multiple myeloma in 2000. Linda spent over 20 years at The Ohio State University where she was advocate for student athletic trainers. Linda was a teacher, leader, and role model for generations to come. The Foundation is led by the Daniel Family with support from friends.

The Linda W. Daniel Foundation has helped raise over \$100,000 to support leading cancer organizations including The Ohio State University Comprehensive Cancer Center – Arthur G. James Cancer Hospital and Richard J. Solove Research Institute (OSUCCC – James).
