

Are You Interested in Food And Gardening?

If so, you may be interested in joining a 10-week garden study!

The Ohio State University is studying the health and wellness of 3rd grade children and their adult caregiver.

All participants will receive FREE garden produce, health education, and wearable fitness trackers!

THE OHIO STATE UNIVERSITY

You may be able to join if:

1. You have a child currently in the 3rd grade (entering 4th grade in Fall 2018)
2. You and your child are English-speaking and have internet access
3. Your child attends a school that provides free breakfast or lunch
4. You and your child are able to attend weekly classes on a weekday evening for 10 weeks this summer
5. Your child is free of health conditions that affect their ability to eat certain foods
