REMINDER: Today is the First Day of a Change to Meal Delivery Services!

BEGINNING TODAY, APRIL 20

MEAL SERVICE HAS CHANGED from daily deliveries to one delivery of five breakfasts and five lunches each Monday.

Weekly Monday deliveries will be at the same time and location as meals are being delivered now.

BAGS WILL CONTAIN:

☑ Items for five breakfasts,
☑ One prepared lunch item to be eaten that day, and
☑ Four additional lunch meals and cooking instructions for future preparation.

Weekly meal delivery will take place on Monday, April 20, and again on Monday, April 27.

Should the state extend school closures until the end of the scheduled school year, we plan to provide meals every Monday, at the same times and locations.

Changing to weekly delivery improves program efficiency, provides a greater variety of food, and decreases the number of times you, your children, and our staff members have to leave home to participate in this program.

Remember

👍 Follow social distancing guidelines when you arrive for your meals

👍 Consider wearing a protective mask or homemade face covering when you are out

👍 Stay at home as much as possible at all other times

This institute is an equal opportunity provider.
